ADDITIONAL HOURLY RATE	\$215	\$185	\$165	\$150

Standard billing rate is \$225 per hour

BRONZE

Best utilized by organizations that are well established and need occasional CFO advisory support. This assumes your organization has implemented strong Key Performance Indicators (KPI's), has well trained staff, solid reporting processes and is efficient in processing. Organizations use this support for strategy development, assistance in evaluation of new reporting processes and smaller projects.

SILVER

Best utilized by organizations for maintenance of established KPI's, minor training or evaluating key indicators, occasional development of new reports, review and discussion for strategy meetings or occasional CFO advisory support. Limited time may be available for review or development of efficiencies and cost savings in the operations.

GOLD

To be utilized by organizations for a comprehensive review of established KPI's, development of new reports, review and development of strategy for meetings or routine CFO advisory support. Time should be available for key vendor reviews or development of efficiencies in the operations.

PLATINUM

Designed for organizations in need of developing or refining and understanding KPI's, training of staff on reports key indicators, development of new reports, review and development of strategy for meetings or more in-depth CFO advisory support. Services available include balance sheet management, key vendor review or development of efficiencies in the operations.
